**SETUP PHARMADIAGEN, THE FIRST ITALIAN SPIN-OFF  
COMPANY ADDRESSED TO FIGHT CANCER THROUGH  
PHARMACOGENETICS**

Data: 03/08/2009

PharmaDiagen, the first Italian spin-off company addressed to fight cancer through pharmacogenetics, was setup in Aviano. The newborn company originated from the interest of CRO - National Cancer Institute of Aviano (Italian leader in the know-how of pharmacogenetic treatments in the oncologic field), the Italian pharmacogenetic research company Diatech and the Technologic Center of Pordenone.
